## 🔗 Table of Contents

---

- Final Dleivery -- Directory full of duplicate pdfs
  - Copied files
- app -- Flask app
  - static -- styles and scripts for the app
    - css -- directory of stylesheets
      - images -- directory of images
    - fonts -- directory of fonts used in the app
    - js -- directory of JavaScript used in the app
    - sass
    - bootstrap.min.css -- more stylesheets
    - login.css -- stylesheet for login page
  - templates -- html pages for the app
    - home.html
    - login.html
    - map.html
    - save.html
    - select\_tables.html
    - table.html
  - Dockerfile -- Sets up docker deploy
  - app.py -- actual app logic
  - constants.py -- FHIR mapping
  - docker-compose.yml -- docker deploy details
  - requirements.txt -- required python modules for the app
  - schema.sql -- Save mapping
- docs -- Mostly markdown documentation
  - Research
    - ResearchLinks.md -- Links for various references on FHIR standards and python libs
    - fhir.schema.json.zip -- Contains all FHIR classes used in app logic
    - interview.md -- Requirements from talking with Alvin
    - research.md -- Misc. research without files
  - doc-pics -- Directory for images included in documentation

- catalog.md -- this file
- ganttChart.md -- Chart of how the app was developed
- manual.md -- Instructions on how to use the running app.
- specialInstructions.md -- Instructions on how to get the app running.
- .gitignore -- ignore unnecessary development/generated files
- Gantt.md -- Chart link through the semester
- JenkinsFile -- For deployment
- README.md -- Description
- Spring2018CatalogTeam12.pdf -- Project description
